Re: Application for Design Registration

The design, as detailed in your, ABSA Tracking No: 2015-04585, for a Fitting is accepted for registration as

follows:

Registered To: DELVAL FLOW CONTROLS PVT CRN: 0C16498.21

LTD

MAWP: 175 psig

Drawing #: PDBFV26360, PDBFV26370

Drawing Revision: 1/1 (as noted by ABSA)

#### Conditions Of Registration:

Registration of Series 50/52 Butterfly Valves Water & Lug Sizes 2" - 24".

This design was registered based on a technical review performed by the province of initial registration in accordance with the Association of Chief Inspectors policy on reciprocal recognition of design review.

#### **Reviewer's Notes:**

Acceptance based on valves being in full compliance with API 609 Standard. These fittings are exempt from reg'n in BC per Directive D-BP-2013-03 however have been registered by BCSA at the request of the client. As required by CSA B51 4.2.1, this reg'n expires on January 19, 2026. This CRN is valid until the expiry date as long as the Manufacturer maintains a valid Q.C. program verified by an acceptable third-party agency until that date. Should the certification of the quality control program lapse before the expiry date, this registration shall become void.

Contact me if you have any questions. The invoice for registration will be forwarded under separate cover.

## REGISTRATION OF VALVES AND FITTINGS

Manufacturer: DELVAL FLOW CONTROLS PVT LTD.

The design(s) for the following Valves/Fittings has been received by us and has been examined and accepted for registration in the Province of Manitoba as follows.

DRAWING / CATALOGUE	CRN	FILE
SERIES 50/52 VALVES DWG: PDBFV26360 / PDBFV26370	0C16498.24	36347

# An invoice covering survey and registration fees is enclosed.

**NOTE:** CRN registered under reciprocal agreement & is conditional based on compliance with the notes set by the original issuing Jurisdiction: **ABSA**. This registration expires **January 19, 2026**.

This registration is valid until the indicated expiry date only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date. Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.

The registration of this design does not relieve the manufacturer, the owner or his agent of the responsibility for the design or construction of a fitting in accordance with the applicable Acts, Codes and Standards. Inspection and Technical Services assumes no responsibility by registering designs, examining plans and/or inspecting equipment or facility.
